DeepSeek

a full-cycle GEO agency, built on its own dataset.

- Founded 2026. Manual audits, signed by a named person.
- 15 niches; heaviest in web3, iGaming, LegalTech, B2B SaaS.
- Engines quote ranked pages - so the loop includes classic SEO.

THE LOOP WE RUN

- | | | |
|----|------------------|---------------------------------|
| 01 | audit | measure where you stand |
| 02 | strategy | pick the prompts that pay |
| 03 | technical | make the site readable to AI |
| 04 | content | ship what engines can quote |
| 05 | authority | earn the sources they trust |
| 06 | measure | re-run the panel, every 14 days |
| 07 | compound | hold the slot and grow it |

Sortlist

every brand is in one of three states. most never checked which.

STATE 1 • WARNED AGAINST

"is [REDACTED] casino legit?"

Six engines told players to avoid a licensed, paying operator - its own site left a vacuum.

from casestudy #2 • state cleared in six weeks

STATE 2 • INVISIBLE

"which law firms specialize in crypto licensing?"

1,004 published articles - zero answers. Every engine recommended competitors.

casestudy #1 baseline • 95.5% of brands live here

STATE 3 • RECOMMENDED

the same question, five months later

The same firm now: **20/20** prompts, #1 in ChatGPT, its **own page cited** as the source.

state is earnable - and it compounds while you hold it

Your state was assigned without you. **The audit shows which one you're in, prompt by prompt.**

every figure is a dated, logged snapshot - including the runs that rolled back.

the first step is a manual audit. yours to keep either way.

- AI-visibility scorecard: what six engines answer about you, logged with dates.
- GEO health score with the exact blockers.
- **Competitor analysis:** who holds your money prompts - and whose slot you're taking.
- **A clear action plan:** dated 90-day roadmap, ordered by what costs you mentions. In ~48 hours.
